The success of my Witch Hazel Soap confirms the faith I had in it. I knew that it was the best toilet soap made. I knew it, because the soap was the result of a long series of experiments, to secure at any cost the best. Yet, when about to launch it upon the market I faced most discouraging reports from the wholesale and retail drug trade. Their advice was "drop it." Why? I was informed that "nearly every druggist in the land had a brand of his own soap, and the dry goods houses also had theirs, which they urged upon their customers." This was a familiar story. I went right ahead. I had a soap whose basis is Witch Hazel-real Witch Hazel-not Witch Hazel in name only, not watery Witch Hazel, but a scientifically concentrated witch Hazel that had the solidity of jelly. When I told this to the trade I was met with "but that must make your soap very expensive." That was true. It is expensive. It possibly costs double that of any other toilet soap. Although the market is glutted with soaps, I knew that folks are always seeking the Best. I proposed to give it to them. I am willing to stake my reputation and fortune upon the success of Munyon's Witch Hazel Soap-not the success that may come from extensive advertising, but that success which is always won by absolute merit. I offer to the public a soap that will soften the roughest hands, that will keep the pores in a healthy condition, that is absolutely free from all rancid fats and dangerous alkalies; a soap that will positively cure dandruff and all scaly diseases, allay itching and all skin eruptions, and a soap that every mother in the land should use on her baby. I feel that this Soap will become a tollet necessity. Although but a few weeks before the public, the sales have been tremendous. The demand has surprised the drug trade. The flattering testimonials I have received from various parts of the country still further confirm my opinion that the people are ever ready to buy the best. The best is Munyon's Witch Hazel Soap. I had taught the public to look for the best. My Cold Cure, my Rheumatism Cure, my Dyspepsia Cure, my Kidney Cure, all my Cures, in fact, are THE BEST of their kinds. The civilized world knows this to be a fact.

If you have Rheumatism, Munyon's Rheumatism Cure will cure it in a few hours; his Dyspepsia Cure will cure any case of Indigestion or Stomach Trouble; Ninety per cent. of Kidney complaints can be cured with his Kidney Cure. Prof. Munyon has a specific for nearly every disease. Every druggist sells them; mostly 25 cents a vial.

Munyon's Inhaler Will Positively Cure Catarrh, Bronchitis, Asthma, etc. Price \$1.00.

If you are in doubt as to just what ails you, and think you need medical advice, write Munyon's skilled physicians. They have but one mission, to examine and advise ou, without a penny to pay.
